# 1-Hour Online Training for All Unlicensed Staff

- Blood-borne Pathogens
- Cultural Competency
- Dementia
- Grief Process
- Urinary Incontinence

## Meet the Training Needs of Today's Workforce

Purchase a one year unlimited use license of the modules. Then receive a username and password granting access to the modules on our server. Requirements are simple: A computer, an Internet connection, a web browser (Internet Explorer recommended), a PDF reader, and a printer to print the quizzes and certificates of completion.

Completion of the modules counts for **one hour of training towards annual requirements for direct care staff.** Facilities will be given a key to the quizzes and a blank certificate to fill out upon successful completion. These may then be kept in the employee training files for easy access.

### Blood-borne Pathogens

Please click the Slide Show button to view the full screen slide show with sound

**Module 1:** Bloodborne Pathogens

**Module 2:** Exposure Control Plan

Developed by September Stone, RN, MSN
