Medication Aide Training

Program Content

This program is designed to prepare the participant to meet the requirements of the Medication Aide Act and to assume the role and responsibilities of a medication aide. The program is intended for the medication aide in an assisted living facility, nursing facility, or intermediate care facility for the mentally retarded. It can be used to train medication aides in other settings.

Instructor: September Stone, RN

Program Objectives

At the completion of the program, participants will be able to:

1. Recognize the 14 basic competencies needed in order to safely provide another person with his or her medications in accordance with the Nebraska Medication Aide Act.
2. Identify specific drug families, actions, side effects, and use to treat or prevent disease.
3. Recognize the responsibilities of the medication aide in relation to PRN medications; providing medications by vaginal, rectal, tube, or inhaled routes; and providing insulin by injection.

Requirements for Successful Completion of the Medication Aide Training Program

- Successfully complete the medication aide training program and competency assessment.
- Be at least 18 years of age.
