Available January 2011

In January 2011, the Nebraska Health Care Association will release the 2011 Long Term Care Survey Process Manuals. If a set of all three volumes is purchased, a CD containing a searchable PDF of the manuals is included. The 2010 updates are in all three manuals and include:

October 2010 Update

- **Chapter 7 – “Survey and Enforcement Process for Skilled Nursing Facilities and Nursing Facilities”**

I. SUMMARY OF CHANGES: This instruction updates Chapter 7 to include policy information and decisions that have been communicated through other means since the Chapter was last revised. This revision also deletes information determined to be inappropriate for this chapter, and revises subsection numbering.

- **SUBJECT: Revisions to Appendix PP, State Operations Manual (SOM): Guidance to Surveyors for Long Term Care Facilities (LTC) for Minimum Data Set (MDS) 3.0 Implementation October 1, 2010**

I. SUMMARY OF CHANGES: Revision of Interpretive Guidelines throughout Appendix PP of the SOM as well as CMS Forms 672, 802 and 805 due to the release of the MDS version 3.0 to remove references to MDS version 2.0, including the replacement of the Resident Assessment Protocols (RAPs) terminology with the Care Area Assessment (CAAs) terminology. Clarification revisions have also been made to the Interpretive Guidelines at 42 CFR 483.65 regarding infection control and 42 CFR 483.75 regarding nurse aides and nurse aide training.

- **Updates to the October 2010 edition of the Long Term Care Survey include:**

- Change in infection control standards for fingerstick devices and blood glucose meters (F441).
- Appendix P: QM/QI reports will be unavailable for use in the Traditional Survey process. Tasks 1-5C will be temporarily changed for the Traditional Survey Process.
- Appendix P: References to RAPs now refer to CAAs. OSCAR reports are now CASPER reports.
- Appendix PP: Guidelines were changed to reflect changes from MDS 2.0 to MDS 3.0.
- Forms 672, 802, and 805 (Section VI) have been revised.

- **Updates to the October 2010 edition of the Long Term Care Enforcement Procedures include:**

- Numerous changes to Chapter 7 (Section II); these changes are all marked in red in the new edition.
- Forms 672, 802, and 805 (Section III) have been revised in light of the change to MDS 3.0.

These updates impact books 1, 2 and 3 for the NHCA Survey Process manuals.
