PROGRAM OBJECTIVES

At the completion of the program, participants will be able to:

1. Identify the work setting and job responsibilities of the nursing assistant. Concepts include communication, safety precautions, and emergency care.
2. Apply skills and principles used in the role of the nursing assistant to aid patients to meet their basic physical and safety needs.
3. Explore the nursing assistant's role in meeting love and belonging, self-esteem, and self-actualization needs of the patient.

The first 16 hours of class are mandatory attendance to continue with the class. All attendance is required or an incomplete is given until time and content is made up.
