ON DEMAND WEBINAR FOR MDS COORDINATORS: MDS 3.0 Section GG
Ready or Not, Here It Comes!

CONTENT
The Quality Reporting Program is required by the Impact Act and is being rolled out in multiple post-acute settings. It is trying to compare the same data elements on tools from inpatient rehab, home health, hospice, and long-term care hospitals. Section GG of the MDS has been created to gather this data and will eventually impact payment to nursing homes. Section GG is not the same coding as Section G of the MDS and, in the beginning, may be confusing to the coder. This education session will be used to help alleviate that confusion so the most accurate coding can be performed for Section GG.

OBJECTIVE
At the completion of the program, participants will be able to accurately code Section GG of the MDS.

AUDIENCE
This education is appropriate for MDS coordinators in nursing facilities.

SPEAKER
Dan Taylor, RN, Training Coordinator, Licensure Unit, Division of Public Health, Department of Health and Human Services, Lincoln, Nebraska

CONTINUING EDUCATION CREDIT
- Individuals participating in the education can earn 1.5 hours of continuing education credit by paying the additional $15 per person continuing education credit fee.
- When registering for the education, list the name, title, and email address for each person that wants continuing education credit.
- Continuing education documentation will be emailed to registrants upon completion of the education.

This program meets the criteria of an approved continuing education program of 1.5 hours for nurses.
